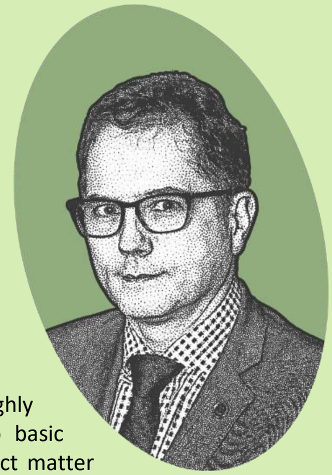
Gontran de Quillacq



Gontran de Quillacq is a leading authority and thought leader in options, derivatives, structured products, complex financial instruments and financial markets. He has 25 years of experience in trading, portfolio management and investment research. He has worked with top-tier banks and hedge funds in both London and NYC.

Mr. de Quillacq is a recognized financial instruments and securities litigation securities expert with deep and current industry know-how, as well as an exceptional background.

Options, derivatives, and structured products are highly complex securities. Academia and books can lead to basic understanding and competency, but mastery and subject matter expertise can only come from deep industry experience. Mr. de Quillacq has the unique ability to explain difficult and complex securities issues, communicate with clarity and authority and present facts in a convincing and pleasant manner.

Mr. de Quillacq is a FINRA/NFA arbitrator, a member of the Securities Expert Roundtable and an IMS Elite Expert. He graduated from the Ecole Normale Supérieure de Lyon, Centrale Sup'Elec and HEC. He was a researcher at the Stanford Research Institute (SRI) and UC Berkeley. He is a reserve officer.
